

## PRODUCT DESCRIPTION

Fibreglass Surface Prep is a mould release agent remover which precludes the need for sanding bare GRP when used with International's Fibreglass No Sand Primer or Interspeed Aqua. Fibreglass Surface Prep thoroughly cleans the gelcoat and provides a key for Fibreglass No Sand Primer or Interspeed Aqua to be applied. Can be used to prepare aged and weathered alkyls prior to application of subsequent coats by softening the surface slightly.

## PRODUCT INFORMATION

Colour	YMA601-Pink
Specific Gravity	1.3
Typical Shelf Life	2 yrs
Unit Size	2.5 Lt

## DRYING/OVERCOATING INFORMATION

### Drying

### Overcoating Substrate Temperature

Overcoated By	Min	Max	Min	Max	Min	Max	Min	Max
---------------	-----	-----	-----	-----	-----	-----	-----	-----

## APPLICATION AND USE

**Method** Apply Fibreglass Surface Prep to a damp cloth or sponge, then wipe the whole surface to be cleaned using moderate pressure. Wipe off with a clean, wet cloth ensuring no traces of Fibreglass Surface Prep remain. As soon as the surface is dry, it is ready to paint. BARE GRP: If the overcoating time exceeds 4 hours, ensure that the surface is clean and dry prior to subsequent application of the paint. ALKYDS: If the overcoating time exceeds 4 hours, re-apply Fibreglass Surface Prep prior to subsequent overcoating.

**Hints** **Mixing** Stir or shake thoroughly.  
**Other** Fibreglass Surface Prep will not remove serious blemishes.

**Some Important Points** Protect from frost.

**Compatibility/Substrates** GRP only.

**Recommended DFT**  
**Application Methods** Cloth/Sponge

## TRANSPORTATION, STORAGE AND SAFETY INFORMATION

**Storage** **GENERAL INFORMATION:**  
Exposure to air and extremes of temperature should be avoided. For the full shelf life of Fibreglass Surface Prep to be realised ensure that between use the container is firmly closed and the temperature is between 5°C/40°F and 35°C/95°F. Keep out of direct sunlight.  
**TRANSPORTATION:**  
Fibreglass Surface Prep should be kept in securely closed containers during transport and storage.

**Safety** **GENERAL:** Read the label safety section for Health and Safety Information, also available from our Technical Help Line.  
**DISPOSAL:** Do not discard tins or pour paint into water courses, use the facilities provided. It is best

to allow paints to harden before disposal.  
Remainders of Fibreglass Surface Prep cannot be disposed of through the municipal waste route or dumped without permit. Disposal of remainders must be arranged for in consultation with the authorities.

## IMPORTANT NOTES

*The information given in this sheet is not intended to be exhaustive. Any person using the product without first making further written enquiries as to the suitability of the product for the intended purpose does so at their own risk and we can accept no responsibility for the performance of the product or for any loss or damage (other than death or personal or injury resulting from negligence) arising out of such use. The information contained in this sheet is liable to modification from time to time in the light of experience and our policy of continuous product development.*
